The Honorable Rosa DeLauro

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding in the amount of \$3,068,112.00 for the Central Scott County Water (Phase 2A) project in fiscal year 2024. The funding would be used to extend public drinking water service access to approximately 75 households.

Sponsoring this project is Scott County Public Service Authority (SCPA), with offices located at 156 Legion Street, Weber City, Virginia 24290.

The project is an appropriate use of taxpayer funds because a significant number of residences in the project area rely on water sources which do not meet National Primary Drinking Water Regulations. An extension of public water service from the SCPSA's existing Manville water system will provide a safe and reliable supply of drinking water. The project scope includes the construction of approximately 40,000 linear feet of 8-inch and smaller diameter water line, one (1) 100,000-gallon water storage tank, two (2) pump stations, 75 water meter assemblies, and associated appurtenances for the purpose of extending a safe and reliable source of drinking water to these residences.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

H. MORGAN GRIFFITH
Member of Congress
